

JACOB JENSEN

TIMEPIECES COLLECTION

2022-2023

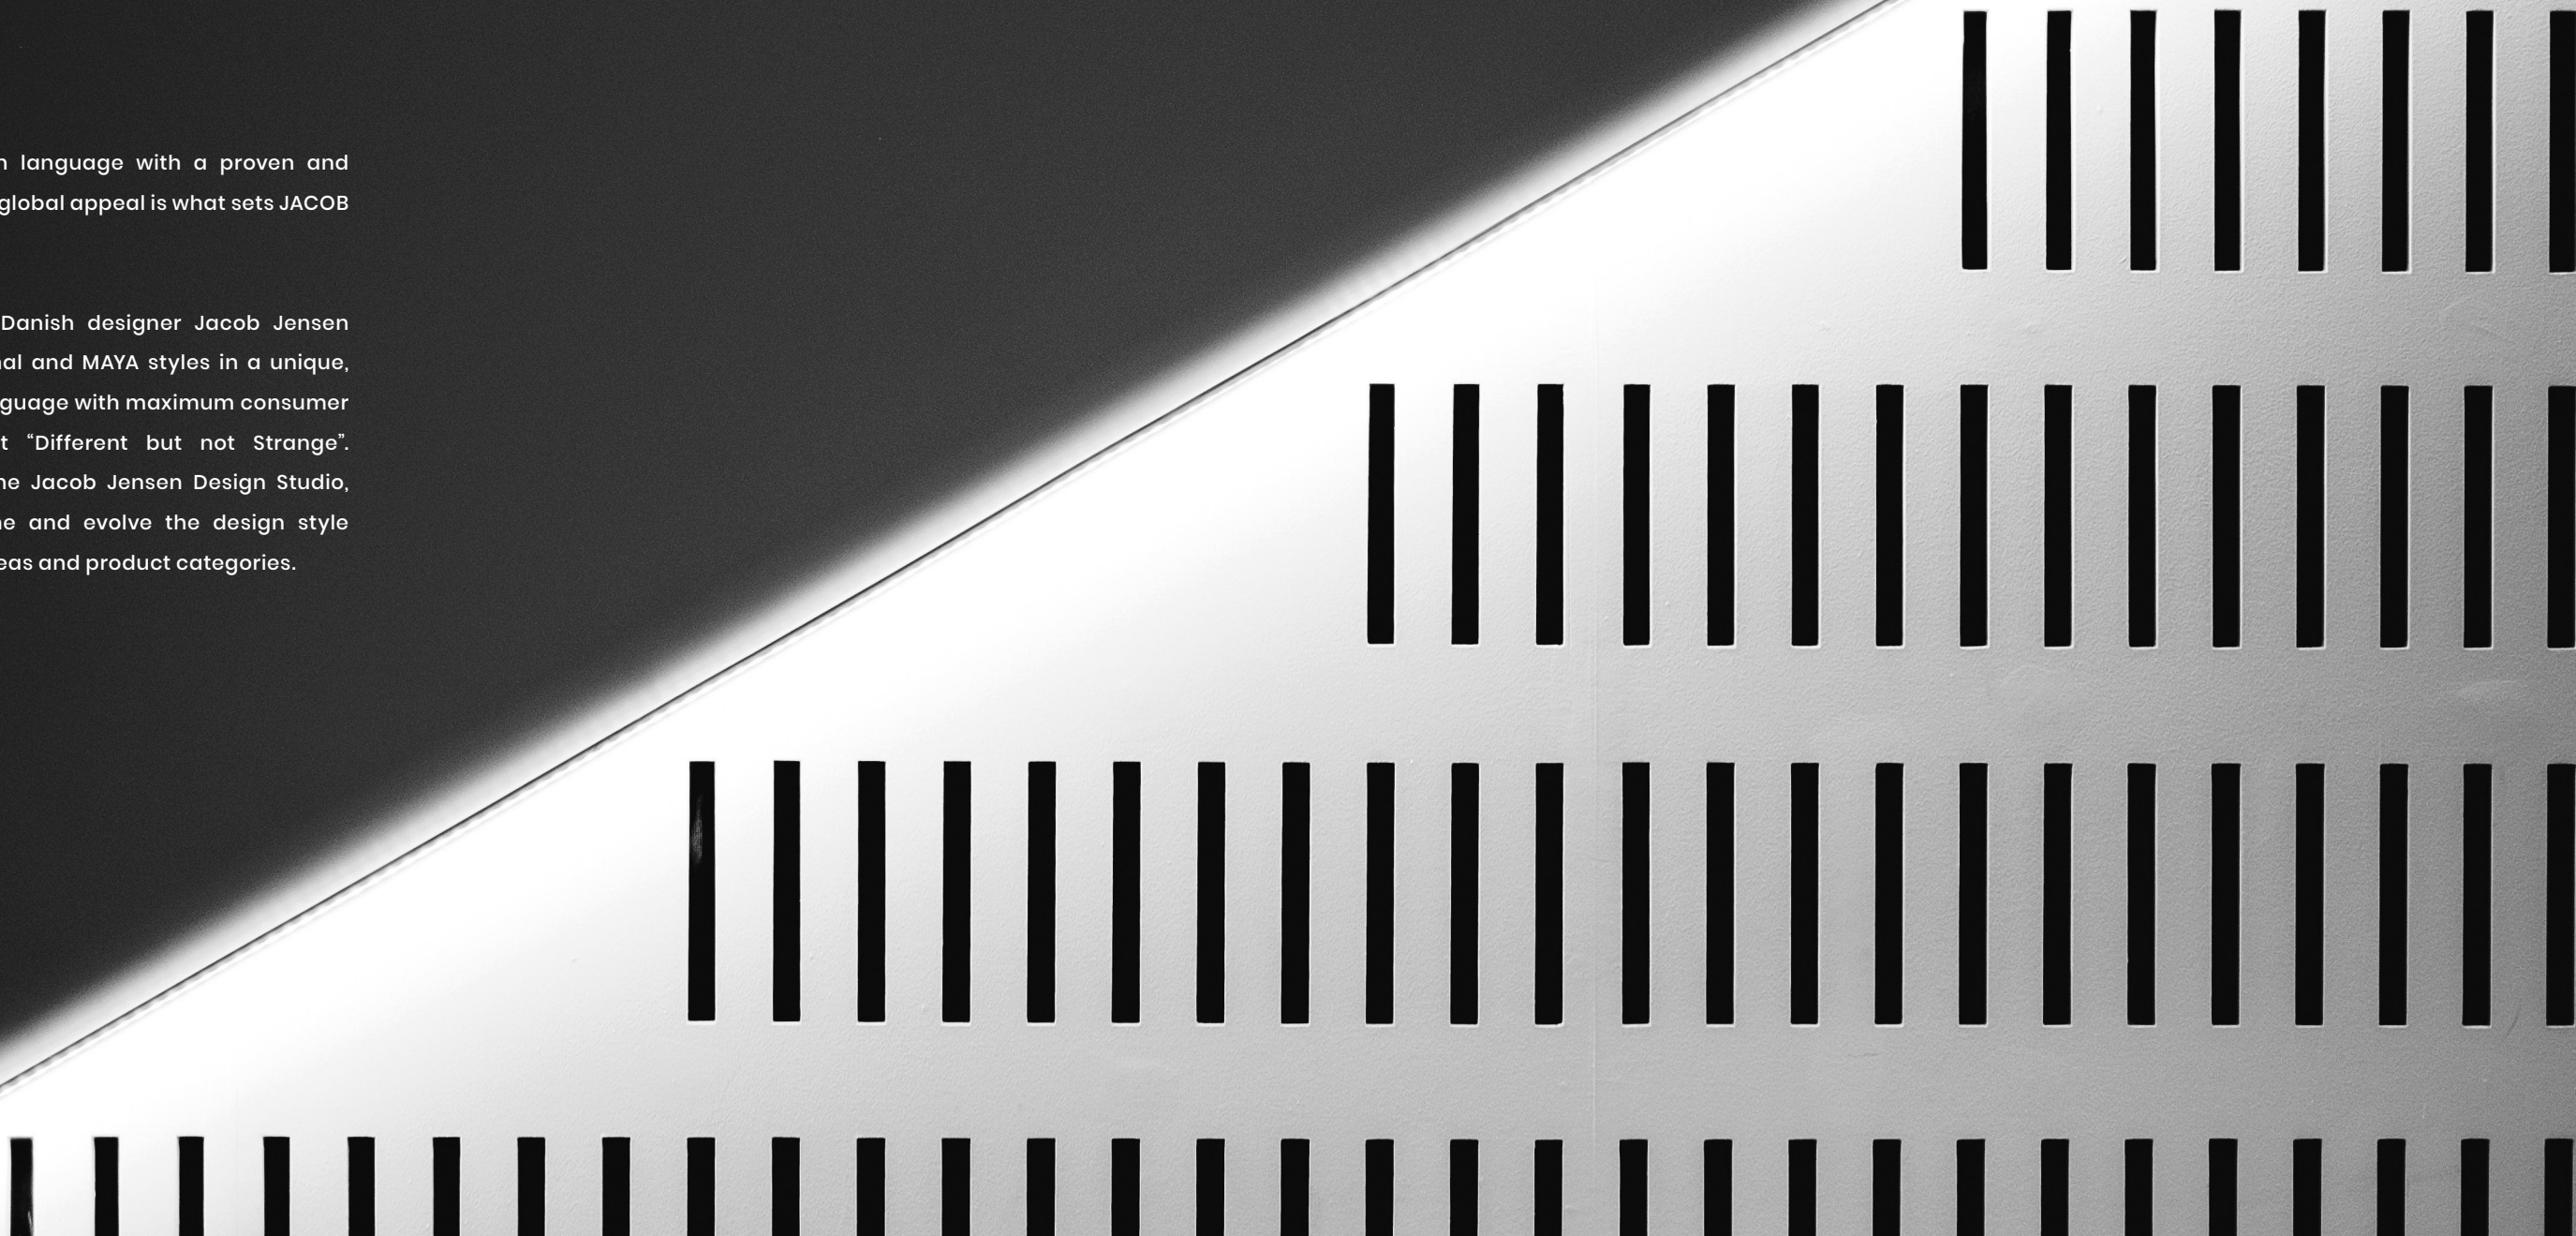

» A designer knows he has achieved perfection
not when there is nothing left to add,
but when there is nothing left to take away. «

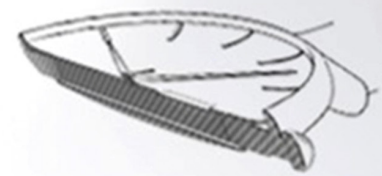

Antoine De Saint-Exupery

A characteristic design language with a proven and exceptionally enduring global appeal is what sets JACOB JENSEN® Design apart.

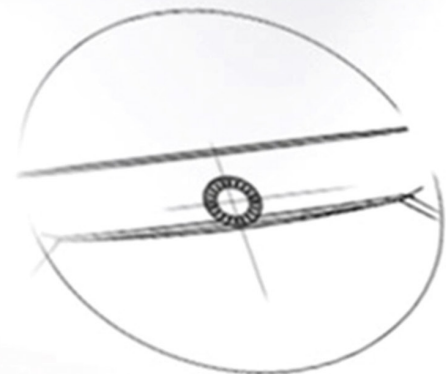

During the early 60s, Danish designer Jacob Jensen merged the International and MAYA styles in a unique, ultramodern design language with maximum consumer appeal. He labelled it "Different but not Strange". Since the mid-1980s, the Jacob Jensen Design Studio, has continued to refine and evolve the design style by applying it to new areas and product categories.

In 1986, the Museum of Modern Art in New York included the watches in its Design Study Collection. They were the first products marketed under the trademark of JACOB JENSEN®. Now, over 35 years after the first sketches were made, the Classic has been updated while keeping its iconic 'Day and Night' design.

The design of the JACOB JENSEN® New Line has been revisited three times since its release in 1995, resulting in some subtle yet significant changes to its design. The inner dial of the New Line watch has a different treatment which amplifies the illusion of the strap flowing seamlessly through the watch face.

Through an original form language the Jacob Jensen Design Studio has for more than half a century shown us that the products we use can obtain a quiet beauty. Everything superfluous has been removed, and all that remains are the pure lines, the material and the functionality.

honourable mention

The JACOB JENSEN® Curve series is a clear, bold design with a single strap running seamlessly through the watch case. There are no numerals or indices; the design simply features a rotating disc that indicates the minutes while a single hand shows the hours and a crown to the side adjusts the time.

The JACOB JENSEN® Alarm Cocks are light and elegant and have a good size for the bedside table. In addition, they are easy to operate and come with a beautiful illuminated display, which is easy to read, even in the dark.

The Alarm Clock with red alarm indicator are radio controlled to ensure the exact time for starting your day in style.

Wall Clock

316
World Clock

City names are customisable. Image above is an example.

A sense of purity pervades the minimal design of the clock with its simple circular face set in an elegant square frame. The clock face has no digits, which allows the clean lines of the hands to glide elegantly across the contrasting canvas, marking time.
